

PROPOSED SANITARY DISTRICT ANNEX MEETING SLATED

A meeting of property owners in the area southeast of Niles has been called for Tuesday, November 22, for another discussion of the proposal to form a sanitary district to be annexed to the Union Sanitary District.

NEW COST FIGURES

The meeting, to be held in the auditorium of the Niles Elementary School at 8 p.m., has been called by Jack Parry and Vernon Ellsworth, co-chairmen of the local Citizens' Committee.

Parry said yesterday that the Board of the Union Sanitary District and their engineer, Harry Goodrich, have provided the proposed area with new construction cost estimates, tax rate increases and the individual amount of special assessment.

If the property owners present at next week's meeting favor the formation of the proposed district, petitions will be circulated calling for a special election.

LARGE AREA

The area involved includes Morrison Canyon Road, Morrison Avenue, the Ellsworth Tract, Canyon Heights, bounded on the west by the Western Pacific overpass on the Niles-Mission San Jose highway and Santos Road, north along Fremont Avenue and south to a point 1000 feet beyond the junction of Cherry Lane and Walnut Way.

BRILLIANT PIANIST TO APPEAR HERE NEXT MONDAY EVE

Eugene Istomin, "the phenomenal young pianist" (words of the conservative New York Herald-Tribune), will open the Washington Township Community Concert series this fall by appearing next Monday evening, November 21, at the auditorium of the high school in Centerville.

Residents of the township who hold membership cards in the Community Concerts are looking forward with anticipation to this first concert of the season for it promises to give them a full evening of entertainment.

The brilliant young pianist has appeared as soloist for four seasons with the New York Philharmonic Symphony, and is considered a top-ranking performer among younger American artists.

Born in New York City in 1925, he is the son of Russian parents, both of whom were musicians themselves.

In 1943 Istomin won two major prizes: the Philadelphia Youth Contest which gave him an appearance with the Philadelphia Orchestra under Eugene Ormandy in the Chopin F Minor Concerto; and the Leventritt Award which entitled him to a New York debut with the Philharmonic Symphony under Arthur Rodzinski in the Brahms B-flat Concerto.

The concert will start at 8 p.m.

RARE SPECIES IS CAPTURED HERE

A live blood-sucking Culex Apicalis has been captured in Niles Canyon, the first one of these rare species to be taken since May of 1939.

Residents of the area were assured that there is no cause for alarm as the species never attacks humans, feeding only on cold-blooded animals such as frogs.

Harold Farnsworth Gray, engineer and manager of the Alameda County Mosquito Abatement District, reported that the last such mosquito captured was taken near Sunol.

CAPACITY CROWD EXPECTED AT GRID CLASSIC TONIGHT

The Washington gridsters end their season on the home field tonight in a double-header classic against Santa Clara that is expected to draw a capacity crowd.

The double-barrel affair gets underway with the Puppies, undefeated in conference play, meeting the Santa Clara lightweights with the Santa Clara Valley Athletic League championship crown at stake. At the present time the Puppies are at the top of the league standings with Santa Clara in a close second.

A win or tie tonight will give the Puppies undisputed possession of the pennant. A loss will put Coach Irv Hird's boys in a tie with Santa Clara.

DEVELOP AERIAL ATTACK

The varsity game will get underway at 8 p.m. and has all the prospects of being a thriller.

The Huskies opened the season with a grass-green roster of untied hopefuls but have made great strides in acquiring a hasty grid-iron education. After dropping their two opening league games to Campbell and Fremont, the local lads developed an aerial attack that has netted them three consecutive league wins over Los Gatos, San Jose Tech and Mountain View.

HUSKIES ARE UNDERDOGS

"We are entering this final game as the underdogs," Coach Jud Taylor told his squad at Monday evening's drill, "and that's a good spot to be in. Washington teams have a habit of jinxing Santa Clara and we are going to be no exception this year."

Coaches Taylor and Clyde Voorhees have scouted tonight's opponents and realize that between them and victory are two of the flashiest backfield men in the conference—Kishimoto and Gill. As a result the tackling dummy at Washington has alternated this week wearing signs of the two opposing backfield men, with the squad making certain that when they tackle these two speed-burners tonight they will stay tackled.

RICHARD JOHNSON HEADS FARM CENTER

Richard Johnson, Warm Springs, was elected chairman of the Washington-Eden Farm Center of the Alameda County Farm Bureau at the annual election of that organization held Tuesday evening at Washington Union High School. Johnson, who served as secretary during the past year, succeeds Manuel Abreu, Centerville.

Other officers named were Carl Wallace, Centerville, secretary; and Bruno Orsetti, Alviso district, vice-chairman.

Thomas Greer, Pleasanton, president of the Alameda County Farm Bureau, was a guest at the meeting and spoke briefly.

A committee composed of Manuel Abreu, Fred Lewis, Jack DeLuce and Joe Dutra, was named to make arrangements for the organization's annual Christmas party to be held the evening of December 20 at the high school here. Families of the members will be guests at that meeting.

BUSINESS HOUSE DAMAGED BY FIRE

The interior of the Niles Club, a tavern at 535 First Street, Niles, was extensively damaged by fire early Tuesday morning.

The fire started in a trash box under the bar, and was not discovered until after the place had been locked up for the night. The alarm was turned in shortly after 2 a.m. by patrons and employees of the Peerless Grill after they detected smoke coming from the adjacent building. Fireman broke through the front door to get to the blaze.

The fire burned a section of the bar, the wooden floor and the back counter. Windows and mirrors cracked from the heat and the entire interior was damaged by smoke. Fire Chief Clarence Crane estimated the damage at approximately \$5,000.

Ownership of the business house had just changed hands the previous day with James R. Francis, Centerville, buying out Kenneth Ferry's partnership with Alvin Martin.

THUGS DAMAGE CAR, THREATEN DRIVER

Sheriff's deputies are this week seeking a group of "Pachucos" who threatened a Newark youth with a knife after damaging his car early Sunday morning.

Donald A. Martin, 17, Newark, told the Deputies that his car was damaged by a rock thrown from a car that passed him on Niles Road near Hayward early Sunday morning.

Martin said that he saw the other car shortly after at a drive-in restaurant in Hayward and that three boys, described as "pachucos," came to his vehicle and smashed a rear window.

When he protested, Martin said, the leader of the gang threatened him with a knife.

SENATE HEARING ON WATER NEEDS

The newly created Alameda County Flood Control and Water Conservation Commission will meet Monday in Oakland and, according to W. D. Patterson, Centerville, chairman, will arrange for representatives to attend a two weeks' senate committee hearing in San Francisco.

The conference in San Francisco will open December 5 and has been called by Sheridan Downey, U. S. senator, relative to the ways and means of supplementing the fresh water supply of bay areas or where deficiencies in industrial, municipal and irrigation water are indicated within the next few days.

'Fowl Play' Cry Gobblers As Prices Drop

How will your budget be affected by this year's Thanksgiving dinner?

Well, it will stand the strain a little better than it did last year, for the piece de resistance of a Thanksgiving dinner—turkey, of course!—will cost you considerably less this year than it did last year. The price of turkeys this year ranges from 49 cents to 65 cents per pound, in comparison with last year's prices which fluctuated around 80 cents per pound.

Other traditional Thanksgiving food items remain about the same as last year. If you're a coffee drinker, however, watch out! Last year you paid around 43 cents per pound for coffee. This year you'll be lucky if you can get it for 70 cents per pound!

Those who prefer ham for their Thanksgiving dinner will find that it, too, as well as old King Turkey, has made itself more available by taking a drop in price. Last year it ran around 64 cents a pound. This year 59 cents is the average price.

As for the "fixins"—cranberries, mince meat, pumpkin — just go ahead and splurge, as they won't cost you a cent more this year than they did last, according to a survey of grocery ads made from last year's Thanksgiving issue of The Register.

Mrs. Benbow revealed that a total of \$6047 has been turned in by the community chairmen and advance gifts chairman. The goal for the township was \$6040.

The men are charged with stealing 17 gallons of gasoline from the Frank J. Brackendorf filling station near Mission San Jose on the evening of November 9.

NEWARK MAN FINED \$100 FOR SPEEDING

Rudolph Busurto, 28, Newark, was fined \$100 in San Francisco Court Tuesday following his arrest and charge of speeding 75 miles per hour on the Oakland Bay Bridge on November 8.

BRAHMST NAMED TO FIRE COMMISSION

John Brahmst, owner and operator of the Niles Electric Company, has been appointed to the Board of Commissioners of the Niles Fire Department by the Alameda County Board of Supervisors.

Announcement of the appointment was made last Saturday evening by A. M. Alves, chairman of the local Board of Commissioners, at the annual dinner given for the members of the fire department and their families at the International Kitchen.

The appointment of Brahmst fills the vacancy on the Board created by the recent death of Jack Alberg.

The newly elected officers who will serve the Firemen's Club during the coming year, were introduced at the dinner party. They are: Caesar DiGiulio, president; Pike Souza, secretary, and Ruel Brown, treasurer.

Outgoing President Bill Estudillo was presented with a gift by the members of the club.

MRS. ROSALIE ENOS CLAIMED BY DEATH

Mrs. Rosalie Enos, 75, a resident of Niles for more than 60 years, died at her home here on Wednesday.

Mrs. Enos, a native of the Azores Islands, was the wife of the late Marion Enos; mother of Mrs. Mae Wittenmyer, Alameda; Mrs. Virginia Rodgers, Antioch; Mrs. Helen Nelson, Alameda; Mrs. Agnes Russell and Cecelia Enos, both of Niles, and the late Catherine Duarte.

A rosary will be recited at the chapel of the Berge Mortuary Company at 8 p.m. tonight (Friday).

Funeral services will be held from the parlors of the mortuary company Saturday followed by a requiem mass at Corpus Christi Church at 9:30 a.m. Interment will be at Holy Sepulchre Cemetery, Hayward.

POSTMASTERS OF COUNTY MEET HERE

Postmaster George Perry of San Leandro was elected president of the Alameda County Postmasters Association at a dinner meeting of that group held this week at the International Kitchen. Perry succeeds Mrs. Lois Bottenberg, Mission San Jose postmaster, as head of the organization.

Other officers elected were Luther Dunlap, Berkeley, vice-president, and Ford Samuel, Alameda, secretary.

Mrs. Ann Maycock, Irvington, owner of the Los Amigos Vineyard, was the guest speaker of the evening.

Two More Pleas of Guilty In Compensation Fraud Trials

Five former employees of the Pacific States Steel Mill in Niles made appearances in Eden Township Justice Court this week. Two received jail sentences and the other three were granted continuances for their trials and pleas by Judge Jacob Harder Jr.

The men are part of a group of 39 who were arrested in September and charged with fraudulently accepting unemployment compensation checks while they were employed.

ONLY ONE FREED

To date 28 of the men have either entered pleas of guilty or have been found guilty by court and jury trials and have received jail sentences ranging from 15 days to six months. Only one man, Jesus M. Verra, Niles, has been released. He was found not guilty by jury trial two weeks ago.

Oscar L. Rodriguez and Ruben J. Vizcarra, both of Decoto, appeared before Judge Harder on Monday. Rodriguez's court trial has been continued to December 1 and Vizcarra's trial by jury has been reset for December 6. Both men were represented by Edward R. Plotner, Oakland attorney.

On Tuesday Jobe Griffin, Niles, entered a plea of guilty and was sentenced to 40 days in the county jail.

EIGHT MORE CASES

Also entering a plea of guilty Tuesday was Ed Gilbert of Niles, who was sentenced to serve 17 days in the county jail.

Joe R. Gutierrez was ordered to return to court on November 28 for plea.

Walter Black, clerk for Judge Harder's court, said yesterday that there are still eight more defendants to come up for trial before the docket on the record breaking group of trials is completed.

SANITARY BOARDS TO MEET ON MERGER

A joint meeting of the boards of the Union Sanitary District and the Niles Sanitary District will be held at 8 p.m. tonight in the Centerville Justice Court to pass on a resolution petitioning the consolidation of the two districts.

Public hearings have been held in both districts and no protests have been voiced, according to Chairman George Coit, Centerville, and H. L. Scott of Niles.

The merger of the two districts can become automatic by the pronouncement of the Alameda County Board of Supervisors, without an election.

Listed as the chief reason for consolidation is that both districts can share the cost of the construction of one sewage plant to be erected near Newark. The one combined district would serve Centerville, Niles and Newark.

SIDEWALK URGED AT UNDERPASS

Protection of pedestrians at the eastern underpass entry to Niles drew the concern of the Niles Chamber of Commerce at its regular Tuesday luncheon meeting at the International Kitchen.

Secretary Vernon Ellsworth was instructed to ask the county Board of Supervisors if present hazards can be corrected by extending the sidewalk on the eastern side of the underpass to Vallejo Street and removing the sidewalk on the western side.

It was pointed out that during wet weather pedestrians must walk on the roadway approaching the underpass, at great risk. A large number of children pass this way to and from school, and it has been observed that motorists sometimes must stop to avoid striking them.

HENRY ENOS NAMED TO SANITARY BOARD

The appointment of Henry Enos to the Niles Sanitary District board of directors has been announced.

Enos fills the vacancy in the board created by the death of Jack Alberg.

At last week's meeting of the board, H. L. Scott was elected president, succeeding the late Mr. Alberg in that position. Other members of the board are E. E. Dias, secretary; Tom Elliott and George Burr.

She sewed a dress for 1/2 cent's worth of electricity

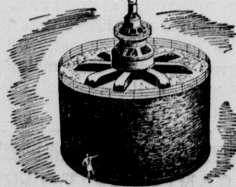

One of the many reasons why it's good to live in California is the high standard of electrical living. Californians buy and use many electrical servants without stint because the electricity to run them

costs so little. For example, the electricity to operate a sewing machine to sew up a dress costs only half a penny—that is less than the price of the thread used. Your electricity bargain is hard to beat.

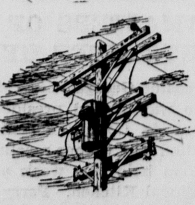

For the handy man and his hobby and repair shop, small electric motors help do a better job at less monthly cost than the price of a bottle of liniment. A lot-sized hedge, for instance, can be trimmed electrically for about 50 cents a year.

Behind the wall plug where you get the electricity to run a sewing machine, radio or clock, is a vast electric system of 72 power plants, scores of substations, 49,900 miles of transmission and distribution lines and almost 17,000 employees.

The lightweight, smallest team playing under the school colors, is coached by Don Wolfe, and went through the season without a defeat in league competition, winning all eight of their games.

The youngsters clinched the title at Sunnyvale last Wednesday by nosing out Fremont 21 to 19 in a close, hard-fought battle. The local lads connected with 45 per cent of their shots in last week's game and were paced by Viscarra with 7 points and Galvan with 6.

Roster of the squad includes: Galvan, Senn, Costa, Viscarra and Kinzli, forwards; Andrade, Rodrigues and Cartwright, centers; and Arlington, Villarreal, Kenney, Ramirez, Cole and Zamora, guards.

DOUBLE VICTORY OVER MT. VIEW

The passing combination of Pagan to Silveira accounted for two touchdowns and a 14 to 7 victory for the Washington Huskies over Mountain View in an S.C.V.A.L. game last Thursday evening.

Washington's first score came late in the second quarter on a pass play that was good for 42 yards and six points. Salvador split the uprights with his placement for the extra point.

LIGHTWEIGHTS RUN WILD
In the third quarter Mountain View marched 50 yards into the end zone to tie up the game 7-7.

Coach Taylor's squad pulled back into the lead late in the third stanza on another long pass play with Silveira slipping in behind the defensive backs to snag Pagan's throw. Salvador added the extra point.

The lightweights found both teams unable to score in the first half but the Washington Pupils broke away in the second half to score four touchdowns for a final score of 24 to 0.

3 T.D.'s IN FINAL PERIOD

Little Joe Orrochi scooted 64 yards on a double reverse for the first Washington score. On the first play of the fourth quarter a pass from Rivera to Martinez was good for 81 yards and a touchdown.

ANNUAL SHOOT AT NEWARK SUNDAY

The annual pre-Thanksgiving Turkey Shoot sponsored by the Newark Sportsmen's Club will be held Sunday, November 20, at the club field one mile west of Newark just off the Dumbarton Bridge approach.

Sid Gaunt, field chairman, has announced that shooting will begin at 9 a.m. and will include trap shooting, .22 caliber pistol shoot and a running rabbit shoot. He also revealed that an unusually large number of prizes have been assembled.

Guns, ammunition and refreshments will be available at the grounds.

Louis Smith, publicity chairman, said this week that a special event is to be offered for the ladies who do not qualify as marksmen, affording them an opportunity to share in the prizes.

SEASON ON UPLAND GAME OPENS TODAY

The state's major upland game hunting season opens on four species of game at 8 a.m. today (Friday).

Game biologists predict one of the best pheasant hunting seasons in California history will be recorded before the season closes November 27. Male ringnecks may be taken throughout the state at the rate of two a day, but not more than 10 during the season.

In addition to the general hunting license, pheasant hunters must

ATTENTION HUNTERS!

A new legislative law requires that each pheasant taken be tagged on the leg as soon as it is in the hunter's possession. Ten pheasant hunting tags may be purchased at any license agency for \$1. A \$3 general hunting license is also standard equipment for the upland game seeker.

possess tags which are to be attached to the leg of each bird in possession.

Black and gold Reeves pheasants, which bear tail feathers averaging five feet in length, are fully protected for the first time this year by Fish and Game Commission action.

Due to severe winter conditions, which affected quail feed and habitat in some areas, the Commission has set three separate quail hunting seasons. All open November 18. November 27 marks the close of the quail hunting season in southern California districts 4 and 1/2, 22, and all of 4 except Orange County.

In northeastern California district 13, quail shooting closes December 15. In Orange County and the balance of the state, the curtain comes down one-half hour after sunset New Year's Eve. Bag limit in all areas is eight per day, and eight in possession.

Roethlin owns the cafe which bears his name. The couple is living in Centerville.

LOS ANGELES FISHING

Sportfishing has been fair to good during the past week in Los Angeles County area. Parties on boats going out to San Clemente Island have been bringing back limits.

LARGE STRIPERS TAKEN

Striped bass anglers working the waters of San Joaquin County during the past few days have been landing many large fish running from five to twenty-five pounds. Anglers using bait are taking the larger fish, but experienced trollers are having considerable luck too. The best spots seem to be Middle River and Whiskey Slough.

VISITOR HERE FROM HOLLAND; FINDS CLIMATE THERE LIKE SAN FRANCISCO'S

Mrs. Albert Baptie, daughter of Mrs. Edith King of Irvington, left Thursday morning by plane to join her husband in New Orleans, after a full and eventful visit spent in Irvington, where she was entertained by her friends here.

A resident of The Hague, Holland, for the past year, Mrs. Baptie was glad to get back to the states again, even for so short a visit. Her husband, with the Shell Oil Company for the past twenty years, had to remain in the east on business. The couple will leave next week from New York for Rotterdam, and thence back to The Hague.

The climate at The Hague? "Well, it's very much like that of San Francisco, in the summer-time," said Mrs. Baptie, a tall, striking-looking woman, whose manner bespeaks that of the world traveler. "Only, in the winter," she added, "it gets so cold that we have to wear fur-lined overshoes to keep our feet from freezing." She went on to tell about life in

Holland—the children who speak four languages upon their graduation from the elementary schools, the beautiful tulip and hyacinth fields which are even more exquisite than can be imagined, and the American music that pours forth in such torrents from the Dutch radios.

"They love American music," she laughed. "They take up everything from jazz to be-bop. They don't go in much for dancing, however, and as for drinking—well, I have never seen a drunken Dutchman. They drink every day, but never to excess."

She says the food is plentiful in Holland. "The milk in Holland is horrible, however," she said. "They seem to take all the good out of it."

There are not many luxury food items in The Hague, said Mrs. Baptie, so she is taking back with her a supply of foods for hors d'oeuvres. Otherwise, she finds anything she wants there in the way of food and clothing that she can find in this country.

Recuperating

Friends of Mr. James Williams of Niles will be very happy to know that he is recovering nicely after a recent major operation that kept him in Alameda Hospital from the first of November to the tenth. Mrs. Williams, who has kept constant vigil at his bedside, says that he is "doing fine."

Return from Trip

Mr. and Mrs. William Enos and son, William Jr., of Irvington, and Mr. and Mrs. Frank Bruno Jr. of Hayward, have returned from an extended motoring trip to Las Vegas and Boulder Dam.

Dinner Party

Larry Robbins of Adobe Acres, Niles, will celebrate his ninth birthday this evening at a dinner for several of his little friends. Those present will be Richard Robbins, Billy Granger, Frederick Le Ballister, Bill Silva, Gil Whipple and Richard Geib.

And Now They are Six—

Mr. and Mrs. James O. Hindmarsh of Niles are announcing the birth of a daughter, their fourth child. The little girl was born on Armistice Day at Alameda Hospital, and weighed eight pounds and two ounces. She has been named Barbara Lynn.

Mrs. Brewer Given House-Warming

Mrs. Catherine Brewer, who moved into her new home at 506 Union Street, Irvington, this week was given a house-warming Wednesday by a group of friends. Those who arrived for the surprise party bringing their own refreshments and a shower of home-canned foods were Mrs. R. J. Wright, Mrs. J. Chadbourne, Kitty Burnell, Mrs. George Beardsley, Mrs. Lena Roderick, Mrs. Anna Jorgensen and Mrs. Martin Knudsen.

LOCAL MEN PERFECT WATER SOFTENER

A merchant dissatisfied with the product supplied by manufacturers—a water office manager with an idea—two skilled mechanics with the ability to transform day-dreams into the material—these forces have combined in Niles to bring about the creation of a revolutionary new type of water softener.

It was nearly two years ago that Walter Chrysler, owner of the Niles Furniture Company, approached the late E. F. Glassbrook, manager of the Niles office of the Public Utilities California Corporation, seeking advice.

The hardness of the local water was playing havoc with the life of the metal water softener tanks and customers were justifiably unhappy.

Glassbrook commented that it would seem practical if some way of utilizing composition water pipe

could be found to replace the metal tanks.

Chrysler went to the owners of the Niles Machine & Tool Works, Elmer Marks and Richard Nicklasson, with his problem. The idea sounded good to them but there were construction problems to be ironed out.

Working doggedly by the trial and error method and consulting leading west coast engineers on the water treatment problems, the men completed their first softener, little more than a year ago and founded the MCN Manufacturing Company.

That first softener was, as the three men admit now, "crude" in appearance but it worked and it was installed in the Glassbrook home.

Continuing their research the men have now replaced the multi-valve system with a single valve,

simplifying the operation of the mechanism and have greatly improved the outside appearance of the tank.

The company has now begun full scale operation and has set a goal of 50 per month for next year's production.

The tanks of the new softener are made of concrete, asbestos and asphalt and have been tested to a pressure of 450 pounds.

This is the same material that has been used by pipeline companies and laboratories for some 40 years and found to be the only type of pipe that will resist the deteriorating effects of hard water and acid conditions, the three men pointed out.

"We have sufficient confidence in our product to give a five-year unconditional guarantee and can see no reason why the softeners will not last a lifetime," Nicklasson added.

CLOTHING, SOAP ASKED

The innocent people of war-torn European countries are desperately in need of clothing, shoes and soap, it was learned in an eloquent sermon delivered by Father Charles O'Connor, administrator of the Holy Ghost Church in Centerville. Each parishioner was asked to bring a bar of soap when they come to the services on Sunday. A box will be provided at the back of the church for the soap. It will also be announced on Sunday where the clothing shall be delivered.

These people who had no more fault of war than we did, are desperately in need, so let's all pitch in and help.

THANKSGIVING

The real spirit of Thanksgiving is not limited to any one day of the year. It lives throughout time and finds expression in the hearts of those who have learned to appreciate the good things in life.

Too many of us take our benefits for granted. We often complain in the midst of plenty. We are too prone to minimize our advantages and exaggerate our limitations.

Few people have a bed of roses. The bumps we encounter are at times pretty jarring. The important thing is not to let the unpleasant experiences blind our eyes to the blessings ever at hand.

We Americans enjoy a good standard of living. We eat well, are reasonably well housed, have adequate clothing and at least some of the mechanical devices such as washing machines and cars that make for an easier and more pleasant existence.

Are we thankful for these things

Are we thankful too, for the political and religious freedom which is ours, for the opportunities in education, in business and in virtually every line of endeavor? Are we grateful for the guidance and protection this nation has had through two great wars?

If we as individuals will cultivate the habit of thanksgiving every day we shall be amazed at our boundless blessings and we shall give to our annual Thanksgiving holiday a meaning far beyond that of mere routine ceremony.

dates for the organization's coming election.

Harry Houston, chairman of the Christmas decoration committee, composed of Paul Gygas, A. W. Cotton, James O'Connor and Bill Kelly, has completed preliminary arrangements for numerous activities.

Eight Christmas trees will be set up throughout the business district and each of the grades in the school will be responsible for the decoration of a tree and the winners will receive awards. In addition Santa Claus will visit the homes of the community on Christmas Eve, leaving candy and gifts, under the sponsorship of the Chamber.

Thinking Things Over...

By VIVIAN BATMAN

"What's that?" I asked the editor, looking with interest at a long row of figures he was working on. "More taxes?"

"No," he sighed ecstatically, "that's the money I'm going to win on Stanford at the Big Game."

"How nice!" I exclaimed gleefully. "Then I can have a new dress, and a new—," but just then a horrible thought assailed me. "What if Stanford loses?"

"Lose!" he shouted. "Why they CAN'T lose! They couldn't do that to me."

But I'm not so sure, so I begin to scheme. What is it they do to horses before a race to make them win—give them a shot of something? Yes, I think that's what they do. However, there is a lot of difference between a Stanford football player and a horse. Isn't there? The administration of a shot of stimulant to a Stanford fullback might prove a bit difficult. (I am not speaking of a stimulant taken orally, you understand.)

I have therefore decided to send the Stanford coach a pep talk he can give the boys between halves. I am rushing it right over to him. Perhaps you'd like to see how it goes, so you'll know why Stanford suddenly comes from a slump in the first half to a dramatic win in the second. Here is the pep talk that I am sending the coach:

"Now look, you sons of the Stanford Red. You've got to get out there and fight, see? You've got to win this game. Forget all this baloney about fighting for dear old Stanford, or for the glory of the game. You know what you're fighting for? . . . Well, I'll tell you. There's a guy sitting up there in Section AA (which just

escapes being out of the stadium completely) who's got everything staked on this game, see?—his newspaper, his wife, his kids, his dog, everything! . . . Now how would YOU like it if a bunch of blokes down on the football field made a bum pass, or fumbled, or kept their eyes on some cute babe on the 50-yard line instead of on the ball? How would YOU like to lose YOUR wife and kids? . . . Now look, no wise cracks, see? . . . I'm tellin' you to remember this poor guy up in AA won't even have his newspaper. Then what'll happen to the town of Niles? . . . What d'ya mean, you never heard of Niles? . . . Sure it's on the map . . . And think of this poor guy's little wife, havin' to take in washing. Gosh, fellas, you wouldn't do that to a woman, would you?—makin' her go out and scrub her poor fingers to the bone on somebody's Levis? . . . There! I can see that gets you, fellas. I knew that'd touch you. . . . Now go out there and fight, fight, fight for dear old Batman!"

At the LIBRARY

By ELAINE HOWE

Special weeks come and go. Be Kind to Animals Week, National Cheese Week, and so on till now week is really news. Of course someone thinks each special week is important. The week I stand up and talk about along with librarians and booksellers all over the country is Book Week. It started back in 1919 as Children's Book Week, and this is the thirtieth year that we have made a special effort during the third week in November to promote in young people an interest in reading good books. The slogan this year is "Make Friends with Books." In an effort to demonstrate the pleasure to be found in making friends with Alice and the White Rabbit, Freddie the Detective, Tom Sawyer, Ferdinand the Friendly Bull, and a horde of other book characters, I have been entertaining the children of the elementary school. Each class has come to the library with its teacher, and I've told them stories and talked about these book friends all here for the taking. You know I could go to school and tell my stories there, but Book Week is just too good an opportunity to encourage the habit in the impressionable young of coming TO the library!

Perhaps Book Week means more to the parents of children who would like to see their children's tastes formed for lasting enjoyment of book friends. It is horrifying to many parents who remem-

ber with nostalgia "The Three Little Peppers," "Penrod" or "Rebecca of Sunnybrook Farm," to note how their offspring calmly absorb gangster, murder and gambling movies and comic books without batting an eyelash.

I expect there was a commercial angle to the placing of Book Week six weeks before Christmas. But it is a good time to think of books for the boy or girl in your family circle. So right here and now I welcome any parents who would like suggestions on books for Christmas. Boys are so enthusiastic about boats, model planes, fishing, sports, etc., while girls get excited over fashion and grooming, dogs and horses, and career and high school adventure tales. In case you haven't looked at picture books and easy stories for beginning readers lately, you have a treat in store. The illustrations are realistic and humorous, colors bright and gay, and the stories engagingly human and funny. The youngsters love them, and I get almost as much kick out of them as the second grader

MOTHERS CLUB MEETS

The regular business meeting of the Mission Mothers Club was held Thursday night at the grammar school with 15 in attendance. It was a lively meeting with many future plans discussed by the group. On Thursday evening of this week there was a 4-H Club meeting with Miss Boone and Mr. Bolton of the Extension Service showing pictures and giving the parents some pointers on how to conduct a 4-H Club.

On December 9 there will be a pot luck supper at the school in honor of our football team, which won the highest honors in this year's football games. It was decided that \$125 will be given out of the treasury for the purchase of new chairs. Mrs. Baptist, Mrs. W. Fernandez and Lois Bottenberg were appointed as a committee to meet with the trustees to decide where and what kind to get.

The Mothers Club will furnish the Christmas treats for the kiddies on the night of the play which is in the rehearsal stage. They will also help with the costuming. In the very near future some of the mothers will begin work on some home talent plays which they hope to put on in the early spring. Refreshments of pumpkin pie and whipped cream and coffee were served at the close of the evening with W. Fernandez, B. Andrade and L. Bottenberg as hostesses.

Next business meeting will be on December 8.

SOMETHING NEW

Two new television sets are now installed, at the Rose Telles home, purchased by Leland Telles and at the M. F. Lofton home. They say it is swell looking.

OPEN CUB SCOUT LEADER COURSE

In a new organizational step designed to promote Cub Scouting in Washington Township, local leaders met last week to form a Cub Scout Training team and announced that a full fledged Cub leaders training course is to be offered here.

The course has been organized and will be led by Don MacDougall, district executive, Tom Maloney, Phil Sousa, Richard Mendonca and Mr. and Mrs. Kenneth Foster.

The training course will be open at the Centerville Elementary school on Monday, November 28, at 7:30 p.m., and will be given on Monday and Wednesday evenings for three weeks. It will feature learning practical crafts, games, ceremonies, contests, songs, and yells, stunts and the study of many films and film strips on all phases of Cub Scouting.

New and prospective cubmasters, assistants, den mothers and assistants, den dads and committeemen are invited to participate in the course. All adults completing the course will be awarded Basic Training Certificates by the National Council of the Boy Scouts.

NILES TEACHING STAFF ON THE INCREASE

The Niles grammar school has recently acquired a new teacher in the person of Miss Kathleen Moynahan, formerly of Boston, Massachusetts.

Miss Moynahan will teach the sixth grade. With the addition of Miss Moynahan to the teaching staff, the school now has two teachers.
